minerals, vitamins, essential amino acids, phytonutrients, coenzymes, cell salts, chlorophyll, essential fatty acids (often missing from other formulas), soluble and insoluble fibers, and friendly, probiotic bacteria to aid in digestion and promote intestinal balance and hygiene.

Convenient, Economical and SO GOOD for Your Body.

Mix one tablespoon with juice, water or your favorite beverage and you have a drink that's equivalent to eating 5 to 10 servings of fruits and vegetables. At only \$1.25 per serving, Organic Active Greens is more economical

than buying and preparing organic foods—even if you took 3 servings per day—and much more convenient.

Our Certified Organic Ingredients Make the Difference.

We are dedicated to obtaining only the finest organic herbicide and pesticide-free ingredients from around the world. With 30 years of experience in health and nutrition, our FDA licensed and registered manufacturing facility, and ongoing research and development, we guarantee our products will give you the purity, potency and safety you expect... and deserve.

Be Smart, Be Healthy. Start Every Day with Organic Active Greens. For More Information, Visit Us Online at www.activegreens.com or Contact Us at 800-224-2989.
